ANNUAL REPORT  
of the  
OFFICERS  
of the  
TOWN OF CONWAY  
For the Fiscal Year Ending January 31  
1923

---

REPORTER PRESS  
NORTH CONWAY, N. H.

1923

## Town Warrant, 1923

---

- 1 To choose all necessary Town Officers.
- 2 To see what sum of money the town will vote to raise and appropriate for the following purposes:  
Section A Town Officers' salaries.
  - B Town Officers' expense.
  - C Election and Registration.
  - D Town Hall and Officers' expense.
  - E Police Department.
  - F Fire Department.
  - G Health Department.
  - H Vital Statistics.
  - I Town proportion, trunk line maintenance.
  - J Town maintenance, general highways, permanent improvement by law, lighting, water and general expense.
  - K Breaking roads and snowing bridges.
  - L Libraries in addition to amount required by Law.
  - M Repairs on Library at Conway.
  - N Town poor.
  - O Memorial Day.
  - P Interest.
  - Q Repairs, tarvia roads.
  - R State tax.
  - S County tax.
- 3 To see what action the town will take in regard to discounting taxes.
- 4 To see if the town will vote to authorize the Selectmen to hire upon the credit of the town, the sum of (\$15,000) fifteen thousand dollars if needed.
- 5 To see if the town will vote to raise and appropriate a sufficient sum of money to obtain State aid for the permanent improvement of its highways, as provided by law.

6 To see if the town will authorize the Selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

7 To see if the town will vote to raise and appropriate the sum of (\$1000.00) one thousand dollars to repair the Mill Brook Bridge on Fryeburg Road.

8 To see if the town will vote to raise and appropriate the sum of (\$300.00) three hundred dollars to rebuild the bridge on County Road near Chester DeWitt's.

9 To see if the town will authorize the Selectmen to repair covered bridge across Saco River at North Conway, and hire a sufficient sum of money to pay for same.

10 To see if the town will authorize the Selectmen to widen and construct a bridge across the Mill Brook, Main Street, Conway Village, and hire a sufficient sum of money to pay for same.

11 To see if the town will vote to authorize the Selectmen to tarvia such portions of the road between Conway Center and Fryeburg line as they may be able to get in proper condition, and deem advisable. Also to build and tarvia such portions of the road from the State highway near B. M. Perkins to the John Smith guide board, near the old cemetery, as they deem advisable, also to tarvia the road between the watering trough near A. R. Shirley's to the Lewis Brook in East Conway if they deem advisable, and to hire money on the credit of the town to pay the same, agreeable to the suggestion of the Budgett Committee.

12 To see if the town will vote to authorize the Selectmen to turn over to the Trustees of Trust Funds the balance of Old Cemetery fund, amounting to \$84.11.

13 To see if the town will vote to exempt from taxation for a period of ten years, The United Shoe Machinery Corporation. of Boston, Mass., or any of its subsidiary companies provided it will locate in this town.

14 To see if the town will vote to exempt from taxation for a period of five years, R. F. Harmon & Company, now locating in Conway, to encourage and assist in establish-

ing a Box and Lumber manufacturing industry, agreeably to a petition signed by Eugene I. Smith and others.

15 To see if the town will vote to exempt from taxation for a period of years not to exceed ten, any manufacturing establishment permanently locating in the town, and employing such a number of operatives as to be a decided advantage to the town, and such as will be approved by the Board of Selectmen.

16 To see if the town will vote to raise and appropriate the sum of three hundred dollars (\$300) to fight the White Pine Blister Rust.

17 To take the sense of the qualified voters whether the alteration and amendment to the constitution proposed by the convention to revise the constitution shall be approved.

18 To act upon any other business that may legally come before said meeting.

FRANK P. ALLARD  
JOHN E. POTTER  
PERCY F. GARLAND  
Selectmen of Conway.

#### CONWAY PUBLIC LIBRARY

To the Board of Trustees:

I have the pleasure of submitting the report for the year ending December 31, 1922.

It is evident that some progress has been made during the year as we can still show an increased circu-

lation and a larger number of borrowers registered as well as a greater Reading Room attendance.

An attempt was made to enlarge our field of usefulness by the opening of a deposit station at the West Side schoolhouse, this was maintained during the first half of the year, since then many of the residents of that section have been regular borrowers from the main library. Books were also supplied to the Waukeela, Wonalancet, and Pequawket Camps, as well as summer residents of South Conway, Eaton, Intervale, and Iona.

Some work has been done on the reorganizing of the card catalogue, although progress is of necessity slow as the library has but one attendant and many demands.

We are very grateful to the community of Conway for the gift of the latest edition of the New International Encyclopedia, and especially to the Conway Woman's Club at whose suggestion, and through whose effort, the funds were secured that made the gift possible. The encyclopedia has been in constant use and is much appreciated.

It is very necessary that some special provision be made for obtaining new books for the children's department. The proportion of our yearly appropriation that is used for this purpose is not sufficient to replace the books worn out each year, the larger portion of those now in use must soon be discarded, so it is clearly seen that unless such provision is made, this department, one of the most important, must cease to exist.

Respectfully submitted,

ALICE S. POLLARD,

Librarian.

## FINANCIAL STATEMENT

## RECEIPTS

Cash on hand January 1, 1922,	\$4 97
Fines and requests,	63 35
Woman's Club, (Community gift),	136 80
Other sources,	7 42
	<hr/>
Total receipts,	\$212 54

## EXPENDITURES

Books (including encyclopedia),	\$155 31
Periodicals,	30 90
Supplies,	8 82
Postage and post office box rent,	4 52
Incidentals,	6 97
	<hr/>
Total expenditures,	\$206 52
Balance on hand December 31, 1922,	6 02

## RESOURCES

Number of volumes at beginning of year,	4,748
Number of volumes added by purchase,	152
Number of volumes added by gift,	52
Number of public documents,	4
	<hr/>
Total,	4,956
Deduct volumes lost or discarded,	108

## Services

	Adult	Juvenile	Total
Number of volumes non-fiction lent, 666	666	361	1027
Number of volumes fiction lent, 5030	5030	2470	7500

Number of unbound periodicals lent,	430	119	549
Total circulation,	6126	2950	9076
Number of new borrowers added,			74
Number active borrowers,			537
Reading room attendance,			3265
To the Trustees of Free Public Library at Center Con- way:			

I herewith submit the following report for the year ending December 31, 1922:

Number of books recorded on accession book	
January 1, 1922,	2,660
Number of books purchased from library	
appropriation,	43
Gifts during the year,	19
Total recorded January 1, 1923,	2,722

For the gift books we are indebted to: Mrs. W. J. Comstock, Jas. Nesmith's family, Mrs. Blouin and a friend.

We find upon the table regularly a line of magazines which prove very interesting and instructive. Fine collections, as usual, are used for some of the magazines, and an occasional new book.

Great care is taken in the purchase of new books to get only the choicest of fiction, and books for youth. A few books of worth are always included in new books added each year.

The circulation has been: Fiction, 1,650; Juvenile, 828; Miscellaneous, 254; total, 2,722.

Respectfully submitted,

ABBIE M. D. BLOUIN,

Librarian.

## SCHOOL WARRANT

---

- 1 To choose a Moderator for the ensuing year.
- 2 To choose a Clerk for the ensuing year.
- 3 To choose a Treasurer for ensuing year.
- 4 To choose a member of the School Board for the ensuing three years.
- 5 To choose two Auditors for the ensuing year.

(Signed) H. B. FIFIELD,  
Auditor.

---

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Conway:

The past year has shown marked improvement in some of our schools and good work done in all of them. All of the teachers this year have had successful experience and all of the grade teachers are normal graduates. One of the state officials remarked that some

of our teachers are as good as any to be found in the State. It is a matter of fact that pupils going to other and larger schools in the State have found that they rank among the first in these schools. It is a matter of pride to us that our schools are doing first-class work. The instruction is excellent and the discipline is good.

The following is a list of the teachers now teaching in town, with the number of pupils enrolled in September:

	Pupils
Leon M. Orcutt, North Conway High School,	53
Florence C. Turner, Assistant,	
Mrs. Gladys Stetson, Assistant	
Hugh M. Andrews, Conway High School,	54
Margaret Barton, Assistant	
Verna Draper, Assistant	
Beatrice Paul, North Conway, Grades 7-8,	31
Isabel H. Christie, North Conway, Grades 5-6,	43
Caroline Cutts, North Conway, Grades 3-4,	43
Mrs. Inez J. Hill, North Conway, Grades 1-2,	37
Mrs. Bertha Audley, Conway, Grades 7-8,	31
Ida S. McKeen, Conway, Grade 6,	36
Minnie B. Ball, Conway, Grades 4-5,	36
Mrs. Florence W. Fogg, Conway, Grades 2-3,	40
Naomi Weeks, Conway, Grade 1,	30
Mrs. J. R. Dalmer, Kearsarge,	29
Elizabeth W. Marshall, Conway Center, Gram- mar,	16
Ella Keene, Conway Center, Primary,	23
Ruth Thompson, West Side,	29
Mrs. Louise P. Sampson, East Conway,	19
Mrs. Maria A. Pillsbury, South Conway,	11

Kathryn Murphy, Redstone,

8

Total,

569

The Redstone pupils were conveyed during the fall term to the North Conway schools but it was thought best to open the school during the winter. As work is being resumed at Redstone it is thought that there will be enough pupils move in, to make an interesting and profitable school.

The work of the high schools is very much improved since the addition of an extra teacher in each school. This gives the teachers time to supervise the work of the pupils and aid them in acquiring right methods of study. I have asked the headmasters to make a brief report of the high schools and they will be included in this report.

#### MEDICAL INSPECTION

During the past year the children have been carefully examined by the physicians of Conway and North Conway and where physical defects have been discovered the parents have received notice. This has resulted in the parents giving more attention to those defects which can be treated and there has been a marked improvement in the condition of the pupils. Whereas a large number of cases of defective vision were found in the upper grades when the inspection was first made, at the last inspection only a few cases were discovered in all the schools. A free clinic was held at Mountain View and a number of the children were treated. As a result of the Parent Citizens' Teachers' Association movement in North Conway a committee was elected to solicit funds for a clinic at

the Memorial Hospital. The committee met with a very generous response and a sum of over \$200 was raised. During the Christmas vacation a number of children were treated but not as many presented themselves for treatment as was expected. Probably the cold weather kept some from availing themselves of this opportunity. Efforts will be made for another clinic during the summer vacation.

Scales for the weighing of the children are provided in each of the larger schools and the pupils are weighed once each month and a list of the names and weight is posted in each room, together with the normal weight. This shows at a glance just what a child of normal development should weigh. If a pupil is below weight, or too fat, suggestions are made so that the pupils and parents may have some directions in regard to proper diet, and exercise. In many cases where pupils are below normal it is found that improper food is the cause, and each pupil has a strong incentive to correct bad habits of eating and exercise.

### CRITICISM

We often hear criticism of the schools and constructive criticism should always be welcome, as it may help to improve the work of the schools. One of the leading magazines published the following, "*Wise men are saying* that the school of today has become our greatest, most tragic failure." "What have you a right to ask of your schools?" "What should your child know and have, when he leaves school?" "Is it not something like this?"

1. "He should know himself, his abilities, his failures and his desires.

2. "He should know a trade or profession that will enable him to take an important place in the world and do worthy work.

3. "He should know the world he is to live in, the people he is to live among, and the laws of life that govern both.

4. "He should know how to use himself and his work, to get from the world what he most wants, and to give the service for which he is fit in the place where it is most needed.

5. "He should have a character founded on knowledge, brave, honest, fair, neither impudent nor cringing, and with an instinct for unselfish service."

If these are your expectations, let us study them and ask if it is fair to expect these results in Conway.

The first proposition is fair—and the schools of Conway should measure up to this; and I believe they are doing so. But the second and fourth are totally unfair. These two requirements presume that the pupil be taught some trade or profession. Conway, as yet has taken no steps to give her pupils any instruction in anything except on the cultural side. It is high time that a start be made in Manual and Domestic Arts. I respectfully urge you to make a beginning in this important work next school year.

## THE NEW HIGH SCHOOL AND ITS PROBLEMS

During the coming year a radical change must be made in our high school work. The magnificent new building will be ready for occupancy at the beginning of the fall term. We look forward to this event as one of the mile stones in the progress of this town. But there are perplexing problems to be worked out and

plans must be made for their solution. It will be possible now without additional expense to offer a broader choice in subjects, and with the equipment and larger corps of teachers, more special and individual work can be done. A commercial course can now be offered and there is a strong demand for such a course. A course in Agriculture and one in Mechanics Art should be considered. A full and free discussion of these improvements should be had and the one that has the strongest claim for meeting the needs of this community should be adopted. Room and equipment is to be provided in the new building for Domestic Science.

### REPAIRS

The hall in the North Conway school house has been finished in steel, the steam equipment installed, the hall painted and the lights put in at a cost of \$1,651.81.

The school house at South Conway has been remodeled and painted, a well dug and a pump put in at a cost of \$697.99.

Electric lights have been installed at the Conway school house at a cost of \$175.14. A new cement walk has been laid. The latter was partially paid for with funds raised by the teacher and pupils of the eighth grade. The pupils in this room, under the leadership of Mrs. Bertha Audley, are raising more funds to extend the walk to the side entrances. The grounds at North Conway have been graded and walks laid out. The work was under the direction of Headmaster Orcutt and the boys of the school worked hard under his stimulating leadership.

Most of the heavy repairs are now finished. It

may be necessary to remodel the school house at Green Hill, as the Chatham school in that neighborhood is now over-crowded and it may be necessary to open the school in that neighborhood. The Conway school house will have to be resingled. The other repairs should be of minor importance.

In my opinion a ventilating system should be installed in the North Conway school house. The four grade rooms have an average of about forty pupils to a room. The only means of ventilation is by the windows and unless the teacher keeps her attention on the matter of ventilation, the pupils will suffer. During this year an epidemic of "flu" or colds has resulted in a great amount of absence and we were forced to close the school for a week. This matter of ventilation should receive the attention of the school authorities at once.

In conclusion, I wish to thank you all for your kind help during the year. I know that we have made progress and that our schools are fully abreast of those in towns of our class. We must not be content with this, but work for still better results.

Respectfully,

L. M. FELCH.

## REPORT OF THE HEADMASTER OF THE NORTH CONWAY HIGH SCHOOL

Mr. Llewellyn M. Felch,  
Superintendent of Schools.

Dear Sir:—

I herewith present my third annual report as Headmaster of the North Conway High School.

## REGISTRATION AND ATTENDANCE

School opened with an enrollment of 53. Since that time three have left school, one to go to work; one because of moving out of town; and one because of ill health.

The attendance for the fall term was 97. Since the beginning of the winter term there has been a decrease due to there being so much illness in the way of bad colds. At the present time the attendance is normal and providing there is not another epidemic, it may safely be predicted that the year's attendance will compare favorably with that of last year which was 97.79%.

## ATHLETICS

The boys won the County Championship in both baseball and track last year. They lost out for the championship in basket ball after being forced to play off a tie game with Madison. Only one game of this year's basket ball series has as yet been played. The local team was victorious in this game and we have every reason to believe that the championship this year is coming to us. Should this prove true the team will be sent to Durham to compete for the state championship. The girls also have a very good basket ball team. The boys ought to win the championship in baseball again this year as they have lost only one member of last year's team.

## SCHOOL AND HOME STUDY

Due to there being an extra teacher on the teaching staff this year, it gives more opportunity for super-

vised study. In spite of this fact no student has ample time to prepare all his subject matter in school. There has been an improvement in the way of home work but as yet there is not a sufficient amount of it being done. Parents should co-operate with the teachers in this respect and insist upon their boy or girl doing at least two hours of home study each day. I think that the standard of work in the various classes, however, is superior to that of last year. The students are realizing more and more that the school room is a place of business where hard work is necessary for success. I feel certain that the scholastic standing of the students will compare favorably with those of Conway upon entering the consolidated school. The general attitude of each student on the whole is very good. Discipline is a matter now which requires practically no attention on the part of the teachers.

### NEEDS OF THE SCHOOL

The school grounds which were graded last fall will need some additional attention in the spring. The driveways and walks have been laid out and graveled. All that is needed now to give the place a pleasing appearance is a few more loads of loam and the application of a few pounds of grass seed. This would have been done last fall had it not been for the coming of cold weather.

In closing I wish to express my thanks to the teachers for their fine spirit of co-operation. I also appreciate the advice of the Superintendent and the support of the School Committee. I should also like to take this opportunity to extend my appreciation to the citizens of the community who have as a whole shown a

whole-hearted interest and splendid spirit of co-operation in all my work during the three years that I have had the pleasure of being with them.

Respectfully submitted,

LEON M. ORCUTT,

Headmaster N. C. H. S.

## REPORT OF THE HEADMASTER OF CONWAY HIGH SCHOOL

To the Superintendent of Schools:

The Conway High School opened the year with a total enrollment of 54, compared with 46 of the last year. There were 31 girls and 23 boys. Four pupils have dropped since that time, one on account of ill health, and three because of changed family conditions. All but four of the pupils of last year returned this year. The families of three of these pupils moved away from Conway.

The per cent. of attendance for the fall term which was 94, compares favorably with that of the previous years. There were twelve pupils who were neither absent nor tardy for the fall term.

The Conway High School Athletic Association has tended to increase the spirit and organization of the school. It seemed unwise to try to develop a football team last Fall with the light material available. This winter a basket ball team has been formed and should give a good account of itself before the season closes. In the spring a baseball team will be organized. The interest in athletics has tended to keep the scholarship up well, since no one is allowed to represent the school whose scholastic standing does not meet the re-

quirements of the Eligibility Rules adopted by the Headmasters' Association in August, 1922.

The aim of the work taken up has been to follow the Standard Program of Studies for Secondary Schools of New Hampshire. In order to carry out this work successfully, the parents' co-operation with the teachers is essential, especially in insisting upon more outside study from their children.

While it was difficult at first for teachers and pupils alike, because of the absence of old instructors, a new foundation of work had to be laid, I feel that progress has come with mutual understanding. I wish to thank the Superintendent, Mr. Prescott, and the citizens of Conway for their kind help and interest in the schools.

Respectfully submitted,

HUGH MARCH ANDREWS.

#### REPORT OF MUSIC TEACHER

Mr. L. M. Felch,  
Supt. of Schools.

Dear Sir.—I herewith submit my first report as supervisor of music in the Conway schools.

The musical education of every child should begin with singing. It is desirable, first, to create in the child a love for music and a desire to sing. Through Rote songs, which form the basis of music teaching in the lower grades, the child is given musical experience and the means of self-expression through songs that he loves. He is taught to listen carefully and to express accurately what he hears, to sing with a light, pure head tone.

In these grades a seating plan has been evolved,

based on the aural perception of each child. Those children who can sing are seated in the rear. Those whose sense of pitch is latent in front of them, with the children deficient in pitch in the front rows. This plan is an aid to both teacher and pupil.

Beginning with the fourth grade less attention is given to Rote singing and more to the systematic study of the time, tune and theory problems peculiar to each grade. Music, although an emotional subject and a spiritualizing force, requires for the mastery of its fundamentals, intellectual effort parallel to that required for algebra.

Individual singing is of paramount importance. It helps the child to gain independence, concentration, self-control, and gives him a sense of responsibility.

Voices are tested in the High schools, and in the grades at the introduction of two-part singing. Two part singing is introduced by the singing of rounds.

The students at the North Conway High School formed an orchestra last term. More recently one has been organized at Conway. It is hoped these two organizations may form the nucleus for a larger orchestra another year.

Progress is being made in all the schools, and I wish to take this opportunity for thanking the Superintendent and teachers for their support and co-operation.

Respectfully submitted,

MYRA E. SPRAGUE,  
Superintendent of Music.

# STATEMENT OF THE RECEIPTS AND EXPENDITURES FOR THE YEAR 1921-22

## Elementary

From the State,	\$3,998 84	
From the town, \$5 tax on		
\$1,000,	17,067 76	
Dog licenses,	197 40	
Tuitions,	942 00	
Mary Banfill fund,	18 80	
Breakage and sale of books,	2 20	
From Bartlett for music teacher,	165 00	
	<hr/>	\$22,392 00
